Jonas Gantenbein
Head of Digital Assets
Bank Frick & Co. AG

- Jonas Gantenbein is Head of Digital Assets at Bank Frick. Bank Frick is a family owned private/intermediary Bank that adopted an extensive DLT Strategy very early on in 2016. Today, the financial institution is one of the leading Banks in Europe actively servicing the DLT industry.
- As Head of Digital Assets, Jonas is responsible for the DLT systems management as well as product development and innovation management of DLT products, infrastructures and systems.
- After completing his Bachelor's degree, he worked for several years in various capacities at various financial companies in Liechtenstein. After participating in Liechtenstein's first blockchain certificate programme and while completing his consecutive Master's degree part-time, he joined Bank Frick in 2019.
- Jonas holds a BSc in Banking and Finance from the University of Liechtenstein as well as an MSc in Corporate Development from the University of Applied Sciences, St. Gallen. He is passionate about sports and his family.
