

- Founded in 2010, Sscope Intelligence is a leading provider of enhanced due diligence reports and ground investigations that empower professionals to evaluate risk and make decisions.
- Our clients, among them leading banks in Liechtenstein and Switzerland, benefit from premium intelligence based on transparent sources produced by our team of 50 internal experts and supported by our global network.
- We have offices in Luxembourg (HQ), Geneva, London, and Tel Aviv, and remote teams in South Africa and South America. Our customers typically include private banks, family offices, life insurance, traders and fund managers.
