Empowering Sustainable Solutions

Innovative Finance for Global Impact

Thursday, 30 October 2025
17:00 – 20:00
(Apéro riche from 20:00 on)

[Vaduzer-Saal](#)
Giessenstrasse 7
9490 Vaduz

Ladies and Gentlemen

We are pleased to host the **2nd Edition** of the **Sustainable Finance Event**, run by LBA & Deloitte, that addresses the most pressing questions of sustainable financing and impact investment. In a time when the world faces unprecedented challenges, it is an opportunity to take bold steps and find innovative solutions.

Building on the momentum of our first event, focused on defining the Vision, Solution, and Action, and tying into the current realities we face today – a tense geopolitical environment, we will discuss concrete measures and actionable strategies that aim to inspire and accelerate innovation in sustainable finance to deliver real-world impact.

Please join us for an opportunity to learn from and network with passionate industry leaders, moving together towards identifying innovative yet tangible solutions with a clear focus on **actionable recipes & real-world implementation**.

Our core objectives for the 2025 event

Exploring **Impact Investments in a geopolitically tense setting** through successful case studies & bankable projects

Showcasing **investible innovative finance mechanisms** through tangible examples to **attract private capital**

Demonstrating sustainable finance **thought leadership**, highlighting the **balance of ethical decision making and financial returns**
